PROVO — The Utah Department of Transportation wants to make sure BYU football fans don't miss the kickoff of Saturday's game.

UDOT officials are advising fans to give themselves plenty of time to get to LaVell Edwards Stadium for BYU's season-opener against Washington. Road construction on I-15 south of Provo includes lane restrictions and likely will cause delays.

UDOT is working with Orem and Provo officials on traffic coordination to time lights for more efficient flow to and from I-15. Pregame and fourth-quarter text messages about travel conditions will be sent to those who text "i15" to 53535.

Motorists traveling over Labor Day weekend also may find their trips delayed by traffic in Utah County because of the work being done south of Provo.

Construction dates and times are subject to change because of weather or other delays. For more information, visit www.udot.utah.gov/knowwherenowwhy/.
